## PEP MEETING !!

-----  
In connection with Thursday night's prayer hour a thrilling pep meeting was held. To start the affair a palatable supper was served in the mess. "Duck" being the chief dish.

Yells and pep songs were enjoyed by all present. The pep address was given by Mess Sgt., Anderson. He was able to hold the men at rapt attention. Amid the thunderous applause and shouts the Mess Sgt. was able to get up enough steam to make his delivery in great style. The points of interest in the address were:

- I. Our human needs.
- II. Our dependents at home.
- III. Doing our task with a smile.
- IV. Our moral conduct.
- V. Our love for our country, our camp, and ourselves.

## SCANDALS

by  
The Spy.

Ole Careless love broke many a poor boy's heart. It has caused our ex-Asst. Ed. Adviser to lose his job, and it seems that the same thing will cause him to leave his C.C.C. home.

Windy McCoy seems to have found something of interest in camp. The boys are wondering why he doesn't go to town--maybe he is funny that way.

A certain First Aid man kept watch Wednesday night. He sure wants the old year to go out, but he went to sleep on the job. Maybe he was watching the kitties play while an army truck driver had some fun. Exchange jobs with the night-watchman "Punch".

Flash! An orderly gets rocks in his jaws with "Cuba" for cramping his style with a young lady from Live Oak. Maybe he had a right to after going to school city for her. There is only one word that spells the same either way. Don't be that way, Mr. C--. "Cuba" has gone home, so has the lady.

Mr. Cannon has cheese around his collar; so has "Coke". Buy yourselves a slip-over boys. Lookout! Larry-V.B. Thompson is on your trail. Clemens should take "solitude" for his theme song--he doesn't go to town. R.C. is on the trail of the Asst. Ed. and a certain orderly; from what happened when he went to town with somebody the other night. Low, behave Columbus!

Adios Boys--Miller.
